TENTATIVE SUBMISSION

OUTLINE SPECIFICATIONS

for

ELEVATOR WORK

EL-Ol SCOPE OF WORK

- a. All required labor, materials, equipment, and Contractor's services necessary for complete installation of Elevator Work in full conformity with requirements of all Authorities having jurisdition; all as indicated on drawings and specified in attached Schedules No. 1, No. 2 and No. 3.
- b. Material and equipment shall be as required by Standards of General Services Administration, Public Buildings Service, Construction Division.

EL-02 WORK NOT INCLUDED

- a. Elevator hoistways properly framed and inclosed, including elevator pits.
 - b. Machine rooms properly lighted and ventilated.
 - c. Adequate access doors, ladders and guards as required.
 - d. Supports for guide rail brackets.
- e. Electric feeders with required main line switches or circuit breakers to elevator motor controllers.
 - f. Electric outlets in center of hoistway and in pit.
- g. Electric power for testing and adjusting elevator equipment.
- h. All cutting and patching of beams, walls and masonry work required, including repairs to plaster, also all chases and openings as required and indicated.
 - i. Finished painting of exposed iron and steel work.

j. Guarding and protecting hoistways during time equipment is being installed.

ACW-ACW

EL-1

EL-03 POWER SUPPLY

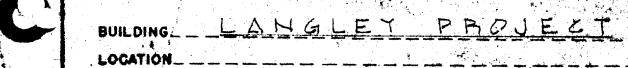

- a. Power: 440 volts, 3 phase, 60 cycle, 3 wire alternating current.
- b. Lighting: 120 volts, single phase, 60 cycle, alternating current.

EL-04 MAINTENANCE

Supply regular maintenance service, by trained mechanics, on each elevator for period of six months after date of final acceptance. Perform work during regular working hours of regular working days. Work shall include regular examinations, adjustments, greasing, oiling and parts to keep elevator equipment in satisfactory operation, except parts made necessary by misuse, accidents or negligence by parties other than Contractor.
